

**Anaren****Anaren (A TTM Technologies Company)** www.anaren.com

Anaren is a leader in high-frequency RF and microwave microelectronics, components, and assemblies for the space, defense, and telecommunications sectors. MSK products are high performance analog and power devices as standard and custom designs, Rad Hard and Space.

**Astrodyne TDI**
Now you have power.**Astrodyne TDI** <http://astrodynetdi.com/>

AC/DC power supplies. EM Filters, AC/DC Adapters, DC/DC Converters, High Reliability Power Converters, Linear Transformers, Medical Power Supplies, COTS Power Supplies, Ultra Low Leakage Supplies< Medical Isolation Transformers, Liquid Cooled.

**ECI****ECI Technology** <http://eciworld.com>

A global designer/manufacturer of custom electromagnetic components. Products include switching power magnetics, Planar magnetics, RF & tuned inductors, toroids and specialty magnetics. Space, Military and Industrial grade quality levels.

**ESF**
Electro-Space Fabricators, Inc.**Electro-Space Fabricators, Inc** www.esfinc.com

Full service precision sheet metal manufacturing and fabricating company. In house assembly, finishing/plating. Welding-TIG and spot, machining, silkscreen and value added assembly

**Freebird**
semiconductor**Freebird Semiconductor** <http://www.freebirdsemi.com/>

Manufacturer of **Enhancement Mode Gallium Nitride Power Transistors (eGaN HEMT)**. High reliability discrete transistors, die products and Universal GaN Adaptor Modules (GAMs). Radiation hardened for Space applications.

**HUBER+SUHRNER**
Excellence in Connectivity Solutions**Huber + Suhrner** www.hubersuhner.com

RF Connectors, RF Cable Assemblies, Lightning Protectors, F/O connectors/cables RF/microwave components for Military, Space and Commercial Markets. Connectors & the patented minibend®, mini141® and microbend™ Cable Assemblies.

**Reactel**
ISO 9001 CERTIFIED**Reactel, Inc.** www.reactel.com

RF and microwave filters, duplexers and integrated assemblies; including ceramic, lumped element, cavity, waveguide and tunable filters

**RFHIC****RFHIC Corp.** <http://rfhic.com/>

RF & Microwave components with a comprehensive product portfolio from discretes to integrated high power amplifiers, utilizes the most sophisticated technologies including hybrid solutions of GaN (Gallium Nitride)

**TACONIC**
Advanced Dielectric Division**Taconic Advanced Dielectric** www.taconic-add.com

PTFE/woven glass base materials for microwave, RF and high speed digital applications. for LNAs, LNBS, antennas, amplifiers, filters, passive components, phase array radar, etc

**TAITIEN**
Our Performance, Your Reputation**Taitien USA** <http://www.taitien.com.tw/en>

Quartz Frequency Control Component Manufacturer; Crystal Units, Crystal Oscillator, VCXO, VCTCXO/TCXO and OCXO.

**TELEDYNE**
RELAYS**Teledyne Relays / Teledyne Coax** www.teledynerelays.com www.teledynecoax.com

Electromechanical and Solid-State switching solutions including power industrial SSR's, Smart SSR's, Power Controllers, RF & EM relays, Coax Switches & Switch Matrices
